CHRISTIAN BROTHERS RANCH at Mont La Salle in Napa is in its eighth year of providing opportunities for at-risk young people in the Napa area to take part in ranching experiences that employ the principles of Future Farmers of America (FFA) and 4-H. Young people who live in the city and who are low-income and at-risk educationally do not have homes or financial resources that can provide the space and conditions for rearing an animal. Christian Brothers Ranch offers this opportunity to 25 students, ranging in age from 11 to 18, each year. They learn animal

husbandry skills and show their animals at the annual Town & Country Fair. Proceeds from the sale of a student's animal are saved for post-secondary-school educational endeavors. Will you help support us? Join us for an evening of great wines and wonderful food at the Silverado Resort on January 30. \$100 per ticket. And learn about our "Holy Cow" program through which you can buy meat organically fed and humanely raised here at the Ranch. **SUPPORT YOUR LOCAL CB RANCHER!**
